

# VOTE TIM CORRY FOR REAL CHANGE

Elect

**TIM CORRY**  
South West Surrey

**Vote Labour**  
Thursday 12 December

## Save our Schools

Our constituency illustrates the issue - our state schools are struggling after 9 years of austerity whilst the many private schools enjoy charitable status. I believe in levelling up - let's make every school properly funded and give every child a decent chance. Let's invest in our children's future.

## Rescue our NHS

Hands off Mr President! No matter how we live our lives, one day we'll all need the NHS. We can't afford another 5 years of decline or the sale of our NHS to Trump. The Tories will say anything to stay in power. Labour is the only party totally committed to the NHS - and I'll make sure our local hospitals are protected.

## Protect our environment

We live in one of the greenest, most beautiful parts of England - and yet property developers are hovering, poised to eat away at our green belt. We need a government that takes protection seriously - and actually takes action to improve air quality, instead of endless consultations that achieve nothing.

## Why I'm backing Tim Corry

“ A former MP myself and a local Waverley councillor, I'm looking for serious competence in our chaotic times, plus idealism, local roots, and real commitment to our environment and to genuinely affordable housing. Tim ticks all the boxes - he'll be a great MP

Nick Palmer  
Waverley Borough Councillor

# Tim Corry

## The serious choice for South West Surrey

Labour taking  
action on our  
environment

Labour is the only party guaranteeing a fresh referendum - not Johnson's hard Brexit or the LibDems' Revoke without consulting the people again. But it's an election for the next 5 years, so it shouldn't be just about Brexit. I've served the UK in the RAF and I'll fight for SW Surrey in Parliament. I stand for sensible priorities - our children, our health, our environment. Enough psychodrama in politics - let's get serious government and make the changes to help you.

## My pledges to you:

 **No hard Brexit and a fresh referendum to give the chance to remain in the EU.**

 **Full-time commitment, dedication to our community.**

 **Working for a country where everyone has a decent chance.**

 **To campaign for our environment to protect it for our children.**

 **To hold monthly open public meetings to engage with you!**

**Tim Corry**  
**SOUTH WEST SURREY**

# ELECTION COMMUNICATION

## Tim Corry

South West Surrey

It's time for real change! For investment in our community and hope in our future. It's time to stop polluting the air that we breathe and to protect our environment.

CORRY Tim
